

Maya Okonkwo

Senior Product Designer

Toronto, ON · +1 416 555 0142 · maya@example.com · [mayaokonkwo@example](mailto:mayaokonkwo@example.com) · [linkedin.com/in/mayaokonkwo](https://www.linkedin.com/in/mayaokonkwo)

SUMMARY

Product designer with 8 years on B2B software, most of it in logistics and payments. At Northwind, redesigned the dispatch console that **cut driver check-in time from 11 minutes to 4** and took support tickets down **62%**. Comfortable owning a problem from research through shipped front-end. Looking to do that on a small team where design has a seat at the strategy table.

EXPERIENCE

Senior Product Designer | Northwind Logistics

Mar 2021 – Present

Fleet-management software used by 400+ regional carriers.

- Rebuilt the dispatch console around the two tasks that made up 80% of daily use, **cutting driver check-in from 11 minutes to 4** across 6,000 daily check-ins.
- Replaced a 14-field onboarding form with a progressive flow, **lifting carrier activation 31%** and cutting support tickets **62%**.
- Built and maintained the design system now used by three product teams; wrote the front-end for its 22 core components.

Product Designer | Kestrel Payments

Jun 2018 – Feb 2021

- Owned the merchant refunds experience end to end — research, flows, and UI — **reducing refund-related chargebacks 18%** in two quarters.
- Ran the team's first usability programme: 40+ moderated sessions that reset the roadmap for two consecutive quarters.

UX Designer | Halcyon Studio

Sep 2016 – May 2018

- Designed web products for eight client engagements across health and education; led three of them as the sole designer.

EDUCATION

University of Toronto — B.Sc., Human Factors & Psychology

2012 – 2016

Perception, decision-making, and human-computer interaction.
